3. RATIONALE FOR THE STUDY

Study will find the effective way for the waste management both liquid and solid in the restaurant.

4. OBJECTIVES OF THE STUDY

1. To study the effective ways of the waste management both liquid and solid in restaurant.

5. RESEARCH METHODOLOGY

METHODOLOGY ADOPTED:- This research is aimed at studying the liquid and solid waste management in a restaurant.

DATA COLLECTION METHODS:

The data will be collected using both by primary data collection methods as well as secondary sources.

PRIMARY DATA: Most of the information will be gathered through primary sources'. The methods that will be used to collect primary data are:

- a) Questionnaire
- b) Interview

REPORT WRITING AND PRESENTATION

Report Encompasses – Charts, diagrams

6. EXPECTED CONTRIBUTION FROM THE STUDY

The study will contribute towards findings the effective ways for the managing the waste (liquid and solid) in the restaurant.

7. CHAPTERISATION

Detailed/final project report will include the following chapters:-

1. Introduction of the study
2. Company overview
3. Objective and scope of study
4. Review of Literature
5. Research Methodology
6. Data analysis and interpretation
7. Findings and suggestion
8. Conclusion
9. Limitation of the study
10. References
11. Appendix (Questionnaire prepared for conducting study will be attached and other papers which have not been mentioned above will be included, if required)
